3. Claims 1-4, 6-8, 10-13 and 17-20 are allowed.
4. The following is an examiner's statement of reasons for allowance. 5. The prior art as disclosed by Pape et al. However, none of the prior art cited shows or suggests the use of a cleat that is comprised of a leg, a pair of projections that extend from said leg, a hand grip aperture that is formed in said leg, and a means for adjustably mounting said cleat on a support, where said mounting means is further comprised of a strap and a slot that is formed in said cleat for receiving said strap.
